

God Speaks to Me, Too

A Spiritual Memoir

BY PATRICK J. DELOHERY

*“I was ten years old when I watched in horror as one of my brothers attempted to murder my other brother — with a shotgun I brought to their fistfight...
...that’s when God made his divine love and Grace known to me...and my life was forever changed.”*

ABOUT THE BOOK

God Speaks to Me, Too is a spiritual memoir by a man whose life was marked by childhood violence, profound loss, unanswered religious questions, and encounters with God that did not fit neatly inside post-Nicene church language.

“Of course it was Adam”

THE GRIEF LESSON HE WILL CARRY FOREVER

Written for readers who wonder whether the living, first-century way of Jesus was altered as Christianity became institutional doctrine, hierarchy, and empire-aligned religion.

ABOUT THE AUTHOR

Patrick J. Delohery is an electrical engineer and multidisciplinary product-development leader whose career spans consumer, industrial, and defense sectors, including work connected to NSA Headquarters and Johns Hopkins Applied Physics Laboratory.

He writes from lived experience rather than a ministry platform or institutional religious role.
